The appropriate schools have been advised of recent engagement with the Council's Housing Department and Ascham Homes. Following receipt of further information from all appropriate schools the Housing Department and Ascham Homes will be able to confirm next steps and timescales for action.

Once this information is received the Schools HR team will be able to provide certainty to Head teachers and Governing Bodies regarding likely outcomes of any potential staff reorganisations in terms of re-housing of RSSO's. This information will be available before the end of January.
