

Summary

Our Civil Protection Service can provide your organisation with a suitably tailored plan or robust training and testing of your current plan, so that staff are confident responding to emergencies. We pride ourselves on delivering above and beyond the support available to schools in the current market.

Benefits

Choose from a full planning package or separately sold services depending on your needs. A value-adding service that delivers above and beyond the support available to schools in the current market. Disaster Recovery Plan? Resilience Plan? Business Continuity Plan? Crisis Plan? No matter what you call it, our Civil Protection Service can provide your organisation with a suitably tailored plan to respond to emergencies. Already have a plan in place? Our team can make sure that staff are trained in their roles and feel confident to apply the plan under pressure, validating your arrangements through exercising as well as securely storing the plan offsite.

More details

Our service has continually received the Customer Service Excellence (CSE) award since 2010, the only Emergency Planning and Business Continuity Service in the country to hold it. The most recent review gave 3 areas of identified new best practice.
