

Managing issues of consent, confidentiality and information sharing

Date Mon, 03 Oct 2016 09:30 - 16:30

Description To improve professionals' competence in dealing with issues of confidentiality, consent and information sharing.

Multi-agency core group B, C (health level to be advised)

Venue The Outset Centre, 2a Grange Road, Walthamstow, London, E17 8AH

Name Waltham Forest Safeguarding Children Board

BookingInfo

To book a place on this course, please complete the application form available to download and return it to <mailto:safeguardingboardtraining@walthamforest.gov.uk> or fax to 020 8496 6909.

Outline

Suitable for professionals who work regularly with children and young people, and who have considerable professional and organisational responsibility for safeguarding and promoting the wellbeing of children.

Outcome

On completing this course participants should:

- understand the background to information sharing, its importance and barriers;
- understand the importance of working with consent, how to obtain it, and when lack of consent can be lawfully overridden;
- be updated and aware of national and local developments around information sharing, confidentiality and children's welfare;
- be more confident in identifying when information sharing is necessary and know what to do when faced with making decisions about sharing.

Audience

Training Id 329911475483400
