

Extending and Enhancing Good Autism Practice

Date Wed, 07 Jun 2017 09:30 - 12:00

Description The training will:

- Enable practitioners to explore theories of autism and consider the implications for practice.
- Provide practical strategies to support practitioners as they develop their knowledge, skills and understanding of effective autism practice.
- Enable practitioners to reflect on their practice and share their enhanced knowledge more widely across their organisation.

This session is suitable for practitioners working with school-age pupils on the autism spectrum in mainstream services. Practitioners in specialist settings who work with pupils with complex needs should undertake the one day complex needs module instead (Friday 26th May 2017).

Venue Whitefield Research and Development Centre (MAIN / Main room), Macdonald Road, Walthamstow, London, E17 4AZ
