

Childminder Drop-in CPD event

Date Thu, 22 Mar 2018 09:30 - 11:00

Description These weekly drop-ins will provide childminders the opportunity to come together with their children to enjoy fun activities linked to their children's learning and development and strengthen friendships and links between other local childminders.

A childminding development worker from the Council will be running the session which will give all childminders regular access to support they may need.

We will be regularly inviting professionals to attend these sessions. We recognise that childminders may sometimes find it hard to access services to support the needs of the children they care for. Therefore we will be inviting professionals such as Area SENCOs (Special Educational Needs Coordinators), Curriculum leaders, Speech and language therapists, Health visitors, Safeguarding advisors, Early Help advisors and FEEE officers to attend some of these drop-ins. A schedule of these visits will be available shortly.

On-top of this, we will be holding around monthly half hour briefing sessions to support your professional development. Full details of these briefing sessions can be found as separate training events on the training pages of the Hub.

There is no charge for FEEE-registered minders but there is a small fee for non-FEEE-registered minders of £1.50 for their first child and 50p for each additional child. If you would like to know more about registering to offer the FEEE please visit The Hub -
