

Paediatric First Aid Training for all Early Years Practitioners (2 midweek sessions)

Date Wed, 16 Jan 2019 09:30 - 16:30

Description A fun and interactive Paediatric First Aid course covering the requirements of OfSTED and the EYFS Framework.

Both sessions MUST be attended

The 2-session course (12 hours in total) is approved by the First Aid Industry Body (FAIB). This course is assessed more around practical ability and, although there is a theory assessment, this is written in such a way that it is easier for those with English as a second language to complete. This course meets the needs for the EYFS Framework in the same way as the Level 3 Qualification.

The 2-session course can be physically strenuous at times and comfortable clothing should be worn. Please - no skirts or dresses as the course is practical and will involve some lying down. There is a one hour break for lunch on each day but lunch will not be provided - only refreshments. This course is renewed by re-taking a Paediatric First Aid course every three years.

Please also read the attached policies before attending the course.

Paediatric First Aid Course Syllabus includes:

What is First Aid?

Acts and Regulations Governing Paediatric First Aid

Responsibilities of the First Aider in Early Years Settings
