

Change to match funding contributions

The programme of Match Funding has been a huge success over the last few years, and we are pleased to announce that it will continue for the financial year March 2019/ March 2020

The Education Capital and Planning team have reviewed the contribution level in the light of school funding and the number of schools experiencing financial difficulties. They have agreed to reduce the contribution from schools from 50% to 25% in order to support schools facing financial difficulties and maintain parity for all maintained and VA schools eligible for match funding from successful bids.

They have also spoke to the Borough of Culture team in terms of use of the Borough of Culture logo being displayed on or near areas the items or works that have been funded as part of the arts project - match funding scheme.

Bids for both projects are to be returned to myself by close of business Friday 15 March 2019.

Good luck!
