**Contact log:** **Comment:** CM advised that she is taking on a child with Type 1 Diabetes and asked for advice on what she needs to put in place. I advised her that she needs to be trained by a health care professional, get information from parents about the child's triggers, research what first aid action needs to be taken in the event of a Hypo/Hyper. Ensure that medication permission form is signed, and that she will complete long term medication form. CM advised that she has been trained at Handsworth and will ensure that all the other things are covered.

**Date uploaded:** Friday, 17 November, 2017
