

Guidance for Schools & Colleges

By law schools and colleges must have **written policies** on some areas of their operation. This section of the website brings together all of the information into one place, so that schools and colleges know what is expected of them.

Schools and colleges should have regard to the Department for Education's (DfE's):

- [Guidance on statutory policies for schools:](#)
- [Collection of statutory guidance publications for schools: and](#)
- [Timelines of forthcoming mandatory legal requirements to be implemented](#) to help headteachers, principals and <https://thehub.walthamforest.gov.uk/tags/governors> plan for the forthcoming academic year and beyond.

All policies should relate to the aims of the school or college and be meaningful, living, working documents. In order to achieve this staff, <https://thehub.walthamforest.gov.uk/tags/governors>, parents and children need to be involved in their compilation.

Links to the policy and guidance documents for schools and colleges are shown below.
