Kate, an Australian former high school teacher who has been inspired by the Reggio Emilia Approach, details [effective ways of working with children](#). The Reggio Emilia Approach is an innovative and inspiring approach to early childhood education which values the child as strong, capable and resilient; rich with wonder and knowledge.

Kate's own knowledge about children is both practical and theoretical and supports practitioners in developing the learning environment through tapping into the children's interests, creating more meaningful play.

The articles below from the Early Years Foundation Stage Forum gives good examples of how to identify children's Characteristics of Effective Learning relating to playing and exploring and creating and thinking critically.
