

Health & Safety

Waltham Forest Council has put in place a number of Local Codes of Practice (LCoPs), which schools should follow to ensure they meet all of the statutory requirements as laid out in the Health and Safety at Work etc Act 1974. Further information can be found on the [Health and Safety Executive's \(HSE's\) website](#).

The HSE has also produced [guidance for schools \(state funded and independent\), further education establishments and higher education institutions](#), in terms of managing the significant risks for pupils and members of staff. The site makes clear that [a sensible approach to risk management is essential](#).

We have divided this section into six categories for ease of reference. This includes a section where the [Health & Safety Advisory & Support Service's](#) current and past newsletters can be found. Logged-in users will be able to download the documents after following the links below.

- [1. Corporate H&S Policies/Procedures](#)
- [2. EVOLVE - online risk assessment system](#)
- [3. Local Codes of Practice](#)
- [4. Forms & templates](#)
- [5. Other guidance documents](#)
- [6. Sample Risk Assessments](#)
- [7. Health & Safety newsletters](#)
- [8. CLEAPSS science and technology newsletters](#)

Remit: [Schools](#)
