Signing Sessions

Further signing sessions are being scheduled to take place at the end of February and early March.

Residential Site Service Officer (RSSO's)

In the last month there has been close liaison with colleagues in Housing Services, Ascham Homes and Legal Services. As a result we have secured reassurances from Housing Services that displaced RSSO's will be eligible for alternative housing in line with the Councils current housing policy. We have also been advised that current households including adult children will be taken into consideration when alternative housing options are offered.

We have drafted a restructure report template and guidance/FAQ's that are with colleagues in Housing and Legal Services for comment. Following receipt of comments and adjustment these documents will be circulated to all appropriate Schools by 14 February 2014. We will then be asking Schools to produce a draft, school specific proposal using the template that we will then review in advance of formal consultations commencing.

Each school will then be able to progress with their restructure at the pace that suits them.

Gerry Kemble
Head of HR Delivery
